"I never recommend face powder to beauty seekers," says Mae Martyn, noted beauty specialist, in the Los Angeles Herald. "Face powder will eventually ruin any complexion, It clogs the pores, causing blackheads, wrinkles and ugly, rough complexions.

"Women who want the best complexion beautifier, and one that imparts lasting beauty, should try 4 ounces of spurmax, dissolved in 4-pint hot water, with 2 teaspoonfuls glycerine added. Or by using 34-pint witch hazel instead of the water it will dry more quickly in cool weather.

"This inexpensive lotton makes the skin very smooth, soft and youthful looking. It takes away that shiny, sallow look and does not show or rub off easily like powder."
